

8/6/2024 "Turning Back the Clock: Diagnosing Turner Syndrome in 2024"

Presented by: Vaneeta Bamba, MD

Medical Director of the Growth Center
Director of the Turner Syndrome Program
Children's Hospital of Philadelphia

Planners expect learners to:

1. Explain why Turner syndrome (TS) is being diagnosed at an earlier age now.
2. Recognize TS in practice based on subtle features such as growth deceleration, cardiac differences, learning differences, and behavioral health concerns.
3. Describe why recognition of girls with TS may be missed in different ethnic and racial groups.

8/13/24 "Cleft and Craniofacial Care: Surgical, Speech, and Feeding Considerations"

Presented by:

Jaclyn Kukoff M.S. CCC-SLP - Speech-Language Pathologist, Craniofacial Department - UCSF Benioff Children's Hospitals and

Alexander Y. Lin, MD, MBA, FACS - Plastic surgeon Co-director, Craniofacial Center, Co-director, Center for Advanced 3D+ Technologies - UCSF Benioff Children's Hospital Oakland

Planners expect learners to:

1. Describe the most common conditions treated in cleft-craniofacial clinic and the speech & feeding deficits and interventions for patients with cleft palate.
2. Recognize the importance of multidisciplinary team discussions in cleft-craniofacial care, as recommended by the American Cleft Palate-Craniofacial Association (ACPA).
3. Identify appropriate referrals for patients with cleft and craniofacial differences from birth or trauma.
4. Acknowledge the importance of social work, interpreters, and cultural competence when working with families from diverse backgrounds.
5. List examples of thoughtful language providers can use while interacting with patients with facial differences.

8/20/24 "Pediatric Tuberculosis: Diagnosis, Management and Prevention"

Presented by: Prachi Singh, DO, FAAP

Pediatric Infectious Disease Specialist
UCSF Benioff Children's Hospital Oakland

Planners expect learners to:

1. Examine the diagnosis of pediatric TB disease.
2. Describe the management of latent and active TB disease.
3. Identify strategies to prevent TB disease.
4. Describe ongoing global challenges in pediatric TB.

Grand Rounds is by Zoom only. 8-9 am. Contact cristina.fernandez@ucsf.edu for log-in information

UCSF Benioff Children's Hospital Oakland is accredited by the California Medical Association to provide continuing medical education for physicians.

UCSF Benioff Children's Hospital Oakland designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

For CME credit, evaluations must be completed and sent to Cristina.Fernandez@ucsf.edu by 12pm the Friday after Grand Rounds.

8/27/24 "Bridging the Gap: Evidence-Based Treatment of Opioid Use Disorder"

Presented by: Monish Ullal, MD

Associate Medical Director, AHS Bridge Program

Division of Addiction Medicine, Alameda Health System

Vol. Assistant Clinical Professor, UCSF Department of Medicine

Planners expect learners to:

1. Examine common barriers to effective treatment for substance use disorders and treatment gaps among youths with opioid use disorder.
2. Interpret how to diagnose opioid use disorder and acute opioid withdrawal.
3. Integrate evidence-based treatments such as buprenorphine for opioid use disorder into direct practice.
